PREFACE

Sattva - one of the three Gunas described in the ancient philosophical text Sankhya Darshan — embodies truth, serenity, purity, and virtue. These qualities flourish through a life guided by Dharma and the pursuit of knowledge.

We are delighted to present “**Sattva**”, a reflection of the NJ Charitable Foundation’s journey and the domain of its diverse activities since inception. The Foundation is steadfast in its mission to nurture the dream of a developed India - a nation led by youth who are **Responsible, Independent, Self-reliant, Honest, and Esteemed (RISHEY)**.

Sattva offers a window into the vibrant tapestry of initiatives undertaken by NJCF. While education remains our core focus, our work thoughtfully expands to address pressing contemporary challenges and a wide range of socio-economic issues.

Throughout the year, the Foundation runs a dynamic calendar of permanent programs and special events aimed at holistic student development. As we complete a decade of service, it's hard to believe how swiftly time has flown - a journey marked by challenges, learning, growth, and countless cherished moments.

This milestone is not just a celebration of the past, but a tribute to every individual who has contributed to this incredible journey. With gratitude for the road travelled and enthusiasm for the path ahead, we embrace the future **with renewed passion, deeper insight, empathetic compassion, effective collaboration, and greater participation**.

It is the **end of the beginning**. A new chapter has already begun.

NJCF remains committed to making a meaningful difference in people's lives.

Enjoy reading Sattva - the NJ Charitable Foundation's journey of a decade through the fields of education and self-development.

To create a community of **RISHEY...**

Responsible, **I**ndependent, **S**elf Reliant, **H**onest, and **E**steemed **Y**outh

Mission

- Our mission is to uplift the quality of education through every possible means, offering dedicated support to students from underprivileged communities until they become confident and self-reliant individuals.
- We strive to create a technology-enabled learning environment that nurtures disciplined study habits and academic excellence.
- We continuously seek to innovate and enhance teaching methodologies, while actively collaborating with and supporting those who share our commitment to educational advancement.
- The foundation has adopted a multifaceted approach to achieve its missions through consistent projects and activities. Listed below are the **11 (Eleven)** permanent projects undertaken by the foundation.

2. WELCOME MESSAGE:

From the promoters and key leaders

Gratitude is a feeling that words often fall short of expressing.

Rewinding to 2012-sitting in the boardroom of NJ Group's Corporate Office, immersed in the dilemma of how to express our deepest gratitude-a thought took root. What if we could create something meaningful, something that would touch lives and leave a lasting impact? That very moment marked the sowing of the seeds of NJCF (formerly NJCT). Today, I feel immense joy in witnessing how those seeds have grown into a grand and deeply rooted Banyan Tree.

Just like the Banyan Tree-with its vast, ever-expanding branches-NJCF has spread in all directions. It has evolved into a platform that supports, nurtures, and empowers students to fulfill their dreams. Much like the Banyan Tree known as Kalpavriksha, the wish-fulfilling holy tree, NJCF has become a symbol of possibility and hope.

The last decade has passed in the blink of an eye. For me, it has been a fulfilling, satisfying, and profoundly enriching journey. NJCF offered me a space to learn, teach, and mentor, and most importantly, to contribute to a deeply meaningful purpose in life.

It began with a humble group of 70 students and a vision called RISHEY-a dream of nurturing Responsible, Independent, Self-reliant, Honest, and Esteemed Youth. From developing resources for self-learning and growth, to engaging in teaching, mentoring and creating environments conducive to higher education and professional development, this journey has been nothing short of transformative. We further expanded through the TASLP program, enabling more schools and students to join us, and fostering inter-school collaborations and competitions.

What started as an initiative has now become an integral part of my identity. NJCF has gifted me some of the most beautiful moments and unforgettable experiences of my life. Above all, it has allowed me to discover and embrace my truest calling-the joy of service.

This journey wouldn't have been possible without the relentless dedication of teachers, mentors, volunteers from NJ Group, and numerous selfless individuals. I offer my heartfelt prayers for their well-being and express my deepest gratitude for their invaluable contributions.

And this is just the beginning.

As NJCF continues to grow, evolve, and thrive, I hold unwavering faith in its mission—to create a vibrant community of RISHEY, a generation that leads with values, vision, and vitality.

For ten years in Surat, a simple act of giving back through education blossomed into the NJ Charitable Foundation, transforming countless lives. Join us in celebrating this incredible impact!

For a decade, a dream has been evolved in our hearts – a dream ignited by the simple yet profound belief that education is the sunlight that nourishes futures. Ten years ago, from the very soul of NJ Group, the NJ Charitable Foundation (NJCF) took its first breath, driven by a heartfelt yearning to bridge divides, uplift communities, and cultivate a generation grounded in knowledge, ethics, and spiritual awareness.

Our journey began with a quest – a search for bright young minds facing economic headwinds, individuals brimming with potential but lacking the resources to unfurl their wings. We saw in them not just students, but future leaders, innovators, and compassionate souls waiting to be empowered.

But we understood early on that true empowerment transcends the boundaries of textbooks and classrooms. It encompasses the harmony of mind, body, and spirit. This is why the gentle yet powerful practice of yoga became an intrinsic part of our approach, nurturing inner peace and resilience alongside intellectual growth.

Our hands reached further through impactful initiatives like the Scholars Special Coaching Programme, Saksham, and NIOS, each a testament to our unwavering commitment. We sowed the seeds of awareness at the grassroots level, nurturing young minds and fostering meaningful connections in Anganwadis. And with the creation of ORLP, our digital desk, we extended our reach across Gujarat, offering multilingual learning resources that now reside on the esteemed GCERT platform.

Today, as NJCF proudly celebrates 'A Decade of Inspiration,' my heart swells with gratitude for each and every one of you who have walked this path with us. Every milestone achieved, every life touched, every success story written has been a collective triumph, a testament to the power of shared vision and unwavering support.

Our story is not just about lessons learned; it's about lives transformed, potential unleashed, and futures illuminated.

I look towards the next chapter with immense hope and unwavering confidence, knowing that together, we will continue to weave an even richer tapestry of empowerment and opportunity.

Join us, continue to believe with us, and let us together make the next decade an even more profound testament to the power of compassion and the transformative force of education.

Hare Krishna!

दस वर्ष के उपलक्ष्य में,

सबका अभिनंदन करती हूँ,
मैं बात हृदय की करती हूँ।

पाया समाज से; अनमोल समझकर,
प्रेम से; उसी के चरणों में धरकर,
मानवता को महकाना है,
संग आगे बढ़ते जाना है।

मैं बात हृदय की करती हूँ,
सबका अभिनंदन करती हूँ।

2015 का वर्ष; बड़ा अनोखा,
NJ के सपने को; है पूरा करना।
शिक्षा क्षेत्र में; कुछ करना है,
नई पीढ़ी को 'सक्षम' करना है।

मैं बात हृदय की करती हूँ,
सबका अभिनंदन करती हूँ।

रॉटरी क्लब-उधना से जुड़कर,
शिक्षा-जगत में कुछ; प्रदान कर,
सेवा का धर्म समझना है,
देशहित में; हमें कुछ करना है

मैं बात हृदय की करती हूँ,
सबका अभिनंदन करती हूँ।

NIOS के ये नन्हें से बच्चे,
बड़ा धमाका सदा हैं करते।
पुष्प से नाजूक दिखते हैं,
नृत्य-अभिनय अद्भुत करते हैं।

मैं बात हृदय की करती हूँ,
सबका अभिनंदन करती हूँ।

बच्चे बड़े; हैं अनमोल रतन,
आरंभ से ही हमसे जुड़कर,
नन्हों का पथ दर्शन करते हैं,

'स्व-शिक्षा' से आगे बढ़ते हैं।

मैं बात हृदय की करती हूँ,
सबका अभिनंदन करती हूँ।

वे यज्ञ, कीर्तन, गीता पाठ करें,
संस्कृति से हमेशा ही जुड़े रहें,
हर त्योहार खुशी से मनाते हैं,
सबको जीना सिखलाते हैं।

मैं बात हृदय की करती हूँ,
सबका अभिनंदन करती हूँ।

नीमाजी, शिक्षकगण-प्रवीण;
बच्चों के लिए सोचते सदा नवीन,
NJCF में उनसे उजियारा है,
मिलकर; सुंदर इसे बनाया है,
मैं बात हृदय की करती हूँ,
सबका अभिनंदन करती हूँ।

First of all a big congratulations to NJCF on completion of a milestone of ten years. Well, I began my journey in NJCF from the year 2018 and since then it has become a part of my life. My day seems incomplete if I do not go there for a single day and now if I am absent for a day or two, the students ask me "Ma'am gav gaye the kya?" Well, jokes apart, but it has been a wonderful odyssey of learning and it has become a passion now. The unconditional love of all the students and all the people around here cannot be put into words. Once again many congratulations to all associated with NJCF. Hare Krishna

10 Years of Learning, Lifting and Leading...

June 3rd, 2015 - the day my journey at NJ began, filled with a mix of curiosity, excitement, and just a little uncertainty. Coming from the structured world of a teacher training college, stepping into this new space felt like walking into a whole new universe of work culture and challenges. But one thought kept me going **"I want to do something meaningful... something innovative."** That intention gave me the strength to adapt, to embrace change, and to grow into the role with an open mind and heart.

Now, looking back on a decade, I feel a wave of emotions. It's been a journey marked by learning, stumbling, evolving, and celebrating - a journey of shaping minds, touching lives, and undergoing deep personal and professional transformation. What has made this ride truly special is the bond I've shared with my superiors - Neeraj Sir and Jignesh Sir - and the incredible NJCF team, our students, and the wider NJ family. These connections continue to inspire and uplift me every single day.

At NJCF, our mission goes beyond education - it's about nurturing individuals to become thoughtful, values-driven contributors to the world. Seeing our students evolve into confident professionals, creating impact in their fields, fills us with immense pride. It reminds us why we do what we do - to create a nurturing space where growth is not just encouraged but celebrated.

धरती की गोद में बैठ, आकाश के टुकड़ों को छूना सीखूं,
फिर पंख पसार, उसी नभ को पहचानना सीखूं ।
क्यों न खुद ही रचूं अपनी उड़ान का एक नया नक्शा,
गंतव्य चाहे जितना भी कठिन हो, विश्वास मेरा रहे सदा उँचा ।
चलती रहे यह यात्रा अनवरत, मेहनत की ज्योति से उज्ज्वल हो पथ,
हर कदम पर ढले एक नई पहचान,
निखरे मेरा अनुपम व्यक्तित्व । तो चलो...
एक बार पंखों को खुलकर फैलाने तो दो...

Celebrating 10 Years of NJCF's Inspiring Journey

Congratulations to the entire NJCF team on completing 10 incredible years! It fills me with immense pride to reflect on this journey, especially as one of the founding members of this remarkable initiative. It all began with a powerful idea envisioned by two inspiring individuals-Neeraj Bhai and Jignesh Bhai-who were driven by a genuine desire to give back to society. I was among the fortunate few with whom they first shared their vision. With a small but passionate team and a group of dedicated volunteers, we launched our initial projects: the Scholars Special Coaching Programme and the Teachers Reward Programme. Both were met with great success.

The goal was clear-to support students from financially disadvantaged backgrounds who were eager to learn but lacked the means to do so. At the same time, we aimed to recognize and encourage the dedication of teachers who went above and beyond to educate and uplift these students.

What started as a seed of an idea has grown into a flourishing tree over the past decade, thanks to the consistent efforts and unwavering dedication of everyone associated with NJCF. Today, this tree has many branches in the form of various programs that continue to raise the bar for educational standards. And now, it has begun to bear fruit in the form of RISHEY-Responsible, Independent, Self-reliant, Honest, and Esteemed Youth-the very essence of what NJCF set out to achieve.

As a founding member, I am truly proud to have been a part of this noble cause and deeply moved by the incredible progress made by the entire NJCF family. I wish them all the very best for the future and remain ever-ready to support the mission in any way I can.

3. ONGOING PROGRAMS @ NJCF

3.1 SSCP (Scholars Special Coaching Programme)

Empowering Young Minds, Shaping Responsible Futures

The **Scholar Special Coaching Programme (SSCP)** was the **first initiative** launched by the NJ Charitable Foundation in 2015. The program began with the selection of **70 meritorious students** from **Class 4 to 8** of nearby schools in **Udhna** through a rigorous and transparent selection process.

A Lifelong Commitment to Education and Empowerment

A student admitted into SSCP remains under the Foundation's guidance until they **complete their formal education and secure gainful employment**. The program aims to nurture a generation of youth who embody the **RISHEY** values — **Responsible, Independent, Self-reliant, Honest, and Esteemed Youth**.

Vision & Core Objectives of SSCP:

- To help each child come into confident possession of their **innate talents**
- To develop **skills for academic and real life success**
- To also work towards **mental, emotional and spiritual development of the students**
- To foster **positive transformation** in a child's behaviour, language, attitude, and personality
- To create a **stimulating and innovative learning environment**
- To enhance **memory power, emotional intelligence (EQ), and spiritual quotient (SQ)**

Our Approach:

We believe that every child is unique, possessing individual talents and abilities. SSCP offers a nurturing and structured environment that brings out the best in each student. Through personalized coaching, free learning resources, and life skills training, students thrive both academically and personally.

At the Foundation's premises, students receive:

- A free and focused learning environment
- Support from trained teachers and mentors
- Access to skill development programs, spiritual sessions and value-based learning

Current Status (as of April 2025):

- 271 students are currently enrolled and actively benefiting from the program
- 40 new students have been selected for the upcoming academic year 2025–26
- We are proud to share that the NJ Group has successfully employed 12 SSCP alumni

Participation in International Olympiads

Empowering Young Scholars Through Global Competitions

In the academic year **2024–25**, **NJ Charitable Foundation** achieved a significant milestone by being officially recognized by the **Science Olympiad Foundation (SOF)** as a registered center to conduct Olympiads. The institution was allotted the **ID Code GJ 9087**, enabling its scholars to compete on a global academic stage.

Olympiad Participation Over view

Metric	Details
Number of Students Participated	152
Number of Olympiads Conducted	6
Total Gold Medals Achieved	45
Olympiads Conducted	IGKO, IEO, IMO, NSO, IHO, ICO

Noteworthy Recognition

Mrs. Nima Deokar, Principal of NJCF Learning Center, was selected as one of the Top 1000 Principals in India by the Indian Talent Olympiad team, based on a comprehensive evaluation across 1,50,000 schools nationwide.

New Initiatives & Milestones

The Hindi Olympiad was introduced for the first time by SOF in 2024–25.

28.61% of NJCF scholars who participated in the Hindi Olympiad won Gold Medals, a testament to the Foundation's emphasis on multilingual excellence.

Looking Ahead

With growing interest, rising performance, and institutional support, **participation and results are expected to rise further** in the academic year **2025–26**. NJCF remains committed to nurturing academic excellence and preparing its scholars for success on national and international platforms.

Stream Selection & Competitive Exam Support - Higher Secondary Education

At SSCP, students make informed decisions about their **stream for Standard 11 and 12** after attending NJCF's Career **Guidance Seminars** and participating in **one-on-one counselling** sessions with experienced teachers and mentors.

To support students beyond stream selection, **NJCF has developed a comprehensive process** that includes personalized mentorship, curated study resources, and continuous guidance for a range of competitive exams:

Support for Science Stream Students:

- JEE Mains & JEE Advanced
- NEET

Support for General Stream Students:

- CLAT (Law)
- IPMAT (Management)
- Other National-Level Entrance Exams

This structured approach has shown **remarkable outcomes—with several students successfully gaining admission to NITs and Government Engineering Colleges**. NJCF continues to be a guiding force in helping students realize their academic and professional aspirations.

The SSCP continues to be a cornerstone initiative of NJCF — a program rooted in compassion, built on commitment, and dedicated to shaping confident, capable, and compassionate citizens of tomorrow.

The Foundation has modified the SSCP project and added a new dimension while inducting class 1 students with the **Open Basic Education** of the **National Institute of Open Schooling (NIOS)**. Let us understand briefly about NIOS.

3.2 National Institute of Open Schooling (NIOS) An Innovative Home Schooling Concept

NIOS is an autonomous organisation under the Ministry of Education, Government of India.

NIOS offers Open Basic Education at the primary school level students and also offers education to the Secondary and Senior Secondary Students.

Open Basic Education (OBE) programme is where one learns at their own pace and with several language (medium of instruction and qualification) options and choice of subjects.

NJCF started the OBE program at its learning center in Surat in the academic year 2022-23 and currently 60 students are enrolled in the program.

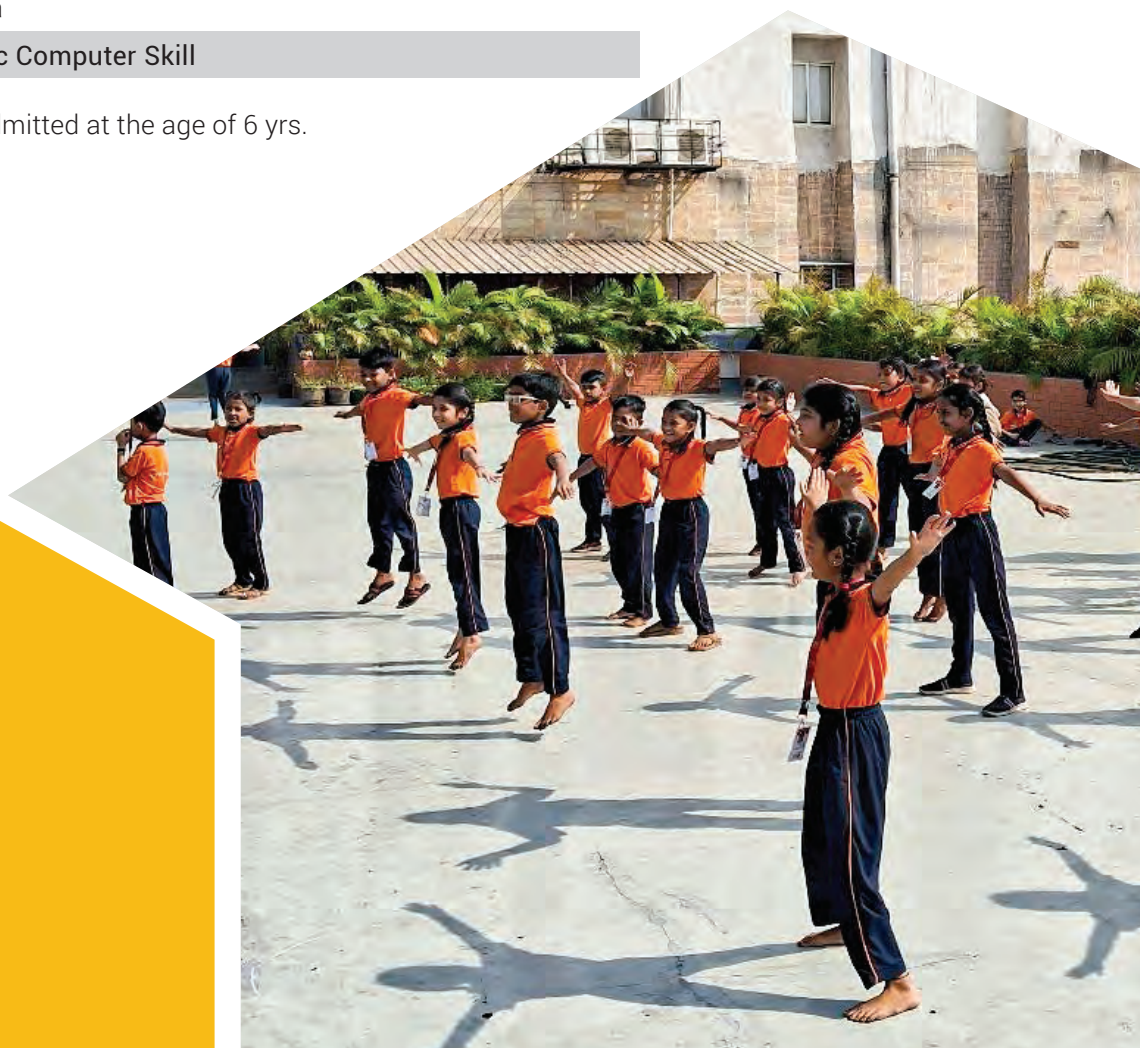

The OBE programme admits students in 3 levels, viz. -

1. Level A (Class I - III equivalent)
2. Level B (Class IV - V equivalent)
3. Level C (Class VI - VIII equivalent)

The subjects offered at the learning centre of NJ Charitable Foundation for OBE Programme Level A are as given below :

Group 1	Group 2	Group 3
Sanskrit	Mathematics	Art and Craft
English	Vijnana - Bharatiya Jnana Parampara	Painting
Hindi	Environmental Studies	
Gujarati	Veda	
	Yoga	
	Basic Computer Skill	

NIOS students are admitted at the age of 6 yrs.

Regular Enrichment Activities:

In addition to the academic curriculum, a range of regular activities ensures holistic learning:

- Yoga
- Physical Fitness (Vyayaam)
- Elocution & Storytelling Sessions
- Computer Literacy
- Art & Cultural Activities
- Yagya (Spiritual Practice)

To support students' **spiritual and personal development**, spiritual learning is an integral part of the curriculum.

Saturday Creative Activities:

Under the guidance of dedicated teachers, students participate in engaging, hands-on activities every Saturday, such as:

- Best from Waste
- Music
- Rakhi Making
- Rangoli Making & Presentation

These help students gain practical life skills and encourage creativity.

Health & Nutrition:

For the **holistic physical and mental development** of each child:

- Nutritious meals and milk are provided daily
- Physical growth is regularly monitored

Milestone Achievement:

We are proud to share that in **March 2025**, the **first batch of 30 students appeared** for the OBE **Level A Examination**, marking a significant step in their educational journey.

Expansion of Efforts:

The Foundation has also launched the **Secondary Programme under NIOS** at **Sarvodaya Trust's Ashram Shala in Pindval**, continuing our mission to extend quality education to more learners.

3.3 SAKSHAM-Empowering Professional Aspirations

The **Saksham Program** was initiated by **NJ Charitable Foundation** in the academic year **2018–19** to support students aspiring to build careers in professional fields such as:

- Chartered Accountancy (CA)
- Cost and Management Accountancy (CMA)
- Company Secretary (CS)
- Chartered Financial Analyst (CFA)

A Structured Pathway for Self-Driven Success

The Saksham initiative is designed to promote **self-learning**, with the support of a well-structured system that includes:

Curated learning content developed by **in-house educators** and reputed **professional institutions**

Access to **facilitators and expert faculty** to guide and monitor progress

A **pre-planned daily schedule** that encourages discipline and time management

Daily Learning Routine

Students enrolled in the Saksham Program follow a rigorous **daily routine** at the **NJCF Learning Center**, from: **7:00 AM to 7:00 PM**

This immersive and focused environment fosters deep learning and sustained academic engagement.

Progress Tracking

Regular examinations and assessments are conducted to measure student progress and readiness for professional exams.

Personal mentoring ensures that each student receives the guidance they need at every stage.

Impact and Current Status

We are proud to share that the Saksham Program has proven to be a great success. As of 1st April 2025, 36 students are actively pursuing their professional qualifications under this initiative.

Course	Surat	Navsari	Total
CA Foundation	2	8	10
CA Intermediate	5	7	12
CA Final	9	2	11
Total	16	17	33

There are 3 students who are pursuing CS, two of them are CA finalists. The Saksham Program is offered at NJCF Learning Center in Surat as well as Navsari.

3.4 NJCF Digital Learning Portal

Empowering Education Through Technology

The **NJ Charitable Foundation** has developed and curated a comprehensive digital learning platform that caters to students from **Standard 1 to Standard 12 (Gujarat Board)**, as well as those preparing for **competitive exams, professional courses, and personal development**.

This content is accessible via our official website: www.njcf.in and is also available through the **NJCF mobile application**.

Multilingual, Inclusive & Rich in Content

The platform is designed to reach a broad and diverse student base, offering content in three languages:

- Gujarati
- English
- Hindi

Key Features of the Portal:

- **PDF Textbooks** (Standard 1 to 12 – Gujarat Board)
- **Library of Micro-Videos** covering full chapters in short, easy-to-understand segments
- **MCQs and Practice Tests** for better conceptual clarity
- **Test-Building Utilities** to customize assessments
- **Monitoring Tools** for **teachers, parents, and mentors** to track learning progress

Quality Audited & Recognized

The content has been **audited by a panel of experienced GCERT teachers**, ensuring high standards and alignment with the Gujarat state curriculum.

We are proud to share that the NJCF learning portal is also **featured on the GCERT Technical Desk**.

<https://njtrust.org/njctdesk/gcert>

Career Guidance Hub

In addition to academic resources, the platform includes a **dedicated Career Options section**, offering students valuable insights into various fields – further details are provided in the upcoming pages.

Impact and Reach (as of April 2025):

- Over 50,000 students registered
- More than 2,500 students actively using the platform on a regular basis

The screenshot displays the NJCF Digital Learning Portal interface for a Teacher user. The top navigation bar includes the NJ Charitable Foundation logo, a 'Home' link, and user profile information (93,940). The left sidebar contains navigation links: Desk View, Career (marked 'New'), College Predictor (marked 'New'), Forum, Video Library, Reading Resources, Assignment / Meeting, My Queries, Query Solving, and Mark / Report. The main content area is titled 'Teacher' and features a row of five language/medium selection buttons: ENGLISH MEDIUM, ગુજરાતી માધ્યમ (Gujarati Medium), हिन्दी माध्यम (Hindi Medium), NIOS, and OTHERS. Below this, there are three main sections: 'LATEST NEWS' with a report on 'Statistics by Annual Status Education Report, 2018', 'CAREER OPTIONS' with a grid of career paths (JEE, GUJCET, NATA, Law and Management, NEET, Advanced Sciences, Defence Services, Police, Education, Aviation and Merchant Navy, Civil Services), and 'COMPETITIVE EXAMS' with details for 'MSU Baroda 2025' and 'CUET - UG : 2025'.

The NJCF Digital Learning Portal stands as a **robust educational ecosystem**, committed to ensuring that **learning is accessible, effective, and inspiring** – anytime, anywhere.

3.5 TASLP (Teacher Assisted Self Learning Program)

Fostering Self-Reliance in Education Through Guided Digital Learning

The Teachers Assisted Self Learning Program (TASLP) is a pioneering initiative by the NJ Charitable Foundation, designed to empower schools with structured digital content and teaching tools that promote self-learning habits among students.

This program leverages the NJCF Digital Desk, offering schools a powerful platform to enhance student engagement, improve academic outcomes, and build independent learners.

Key Features of TASLP:

- Access to **NJCF Digital Desk Content**, including textbooks, videos, quizzes, and assessments
- **Teacher-Student Mapping** to allow educators to assign personalized online tasks and monitor progress
- **Online Assignments & Reports** to track academic performance and identify focus areas
- **Tablets and IT Infrastructure** provided to participating schools for student access

Through TASLP, **the role of teachers evolves** – from content deliverers to learning facilitators, who can now spend more time **analyzing student** progress and **mentoring them effectively**

Key Features of TASLP:

- **Access to NJCF Digital Desk Content**, including textbooks, videos, quizzes, and assessments
- **Teacher-Student Mapping** to allow educators to assign personalized online tasks and monitor progress

Through TASLP, **the role of teachers evolves** - from content deliverers to learning facilitators, who can now spend more time **analyzing student progress and mentoring them effectively**.

Current Reach and Impact:

- **28 schools registered** under the TASLP initiative
- **7+ schools actively implementing** the program on a daily basis
- **Over 10,000 students** benefitting from enhanced digital learning environments

Strategic Partnership with Rotary

A significant boost to TASLP came with the signing of a **Memorandum of Understanding (MoU)** with **Rotary International District 3060** in the year **2017–18**.

Since then:

- **Members of various Rotary Clubs** under District 3060 have taken leadership roles
- They work **in close collaboration with NJCF** to promote and implement TASLP across new schools

TASLP stands as a **model of scalable, teacher-led digital transformation** in education - one that promotes **self-learning, data-driven teaching**, and long-term academic success for thousands of students.

3.6 CAREER Counselling

The **NJCF Digital Desk** serves as a comprehensive platform to explore various undergraduate and postgraduate academic programs across Universities of Gujarat, Institutes of National Importance, and Central Universities (CUET). The portal offers detailed, curated content to guide students in making informed career and academic decisions.

Academic Programs Overview

A synopsis of the curated data is presented below:

Course	No. of Universities/Institutes	No. of Unique Programs
Universities in Gujarat	93	1182
CUET (Central Universities)	32	668
Indian Institutes of Technology (IITs)	23	117
National Institutes of Technology (NITs)	31	56
Other Institutes of National Importance	59	93
Medical Colleges	335	2

College Predictor Tool

The portal includes an **advanced search tool** to help students predict possible college admissions based on their scores in competitive exams such as JEE Mains, JEE Advanced, and others.

For example:

A student aiming to pursue Electronics and Communications Engineering with a **5000 rank in JEE Mains** can use the predictor to discover probable **NITs** offering this course.

Career Choices Simplified: Compendium & Webinars

To provide holistic career support, NJCF hosts a career resource library that includes:

- Recorded **webinars**
- Downloadable **compendiums**
- Real-life guidance from professionals

Available Career Material Covers:

- Civil Services
- Defence Services
- Police Services
- Education
- Merchant Navy
- Aviation
- Law and Management
- Advanced Sciences
- Engineering – JEE & GUJCET
- NEET
- NATA (Architecture)

Career Guidance Seminars

NJCF has organized a series of Career Counselling Seminars and one-on-one counselling sessions across various schools in Surat, reaching over 1000 students during the academic year 2024–25.

Key Features:

- Conducted **at school premises** for secondary and senior secondary students.
- Covers **General, Science, and Commerce streams**.
- Includes **topic-based webinars** on careers in Civil Services, Education, Police Services, and more.

3.7 Mentorship Program at NJCF Learning Center

At the **NJCF Learning Center**, students are not only supported through quality **learning resources**, **teaching aids**, and **facilitator guidance**, but also benefit from a unique and impactful **mentorship program** designed to foster holistic growth.

Individual Mentorship for Every Student

Each student is assigned a **dedicated mentor**—a compassionate and accomplished individual from society who is deeply committed to nurturing young minds. These mentors serve as:

- **Friends** who listen and understand
- **Philosophers** who encourage reflection and critical thinking
- **Guides** who offer direction and real-world wisdom

Beyond Academics: Real-World Insights

Mentors regularly interact with their mentees, helping them navigate both academic and personal challenges. Their life experience brings in a **real-world perspective**, preparing students for life beyond textbooks and classrooms.

Community Involvement in Mentorship

The NJCF Mentorship Program is proudly supported by:

- **NJ Group Employees** who volunteer their time and experience
- **Rotarians from the Rotary Club of Udhna**, who actively participate in student development initiatives

Their collective efforts are making a significant impact on shaping well-rounded, confident, and future-ready individuals.

3.8 Enhancing Anganwadi Project

NJ Charitable Foundation has partnered with 7 Anganwadis in coordination with the former NGO Partner SAHAS with the objective of fostering holistic child development. This initiative aims to create a joyful, educational, and supportive environment for children at an early stage, preparing them for formal schooling and promoting sustainable development.

Key Objectives of the Project

- Celebrate traditional festivals to foster cultural understanding and community connection.
- Promote hygiene and awareness linked to mental and physical well-being.
- Strengthen the bond between children and their teachers.
- Motivate children to embrace learning and prepare them for formal education.

Activities Conducted in 2024–25

3.8.1 Pravesh Utsav

A welcoming initiative to inspire children to begin and continue their learning journey at the Anganwadis in a joyful and engaging manner.

3.8.2 Academic Activities

A total of 14 specialized educational sessions were conducted to enhance early learning in areas such as:

- Shapes and Colors
- Local Geography Awareness
- Understanding Signs and Symbols (Do's and Don'ts)
- Basic Cognitive and Sensory Skills Development

These activities were designed to promote curiosity, creativity, and basic awareness in a play-based format suited to early childhood education.

3.9 The Raman Club Resource Center @ NJCF

Aligned with its mission to enhance the **teaching-learning process through science and technology**, NJ Charitable Foundation launched the **Raman Club** in 2024. This initiative is dedicated to nurturing scientific temperament and curiosity among school students while empowering teachers with innovative educational tools and techniques.

Evolution of the Raman Club Approach

Earlier Phase:

NJCF trained **school teachers at its premises**, who then conducted science-based activities in their respective schools

Current Approach:

To amplify the impact, **NJCF students and expert teachers now directly visit schools** and conduct **interactive science and technology sessions** with students. This hands-on, inquiry-based approach enhances understanding and retention while making science **engaging and experiential**.

Teacher Empowerment Program

NJCF believes that **empowered teachers create empowered learners**. The Foundation has already conducted training sessions for **200+ teachers** and currently selects **40 teachers** each year for an advanced training program.

Key Features:

- Training across **all subjects**, with an emphasis on **interdisciplinary teaching**
- Special sessions on **Vedic Mathematics**, aimed at making mathematics **joyful and approachable**
- Trained teachers collaborate with NJCF scholars to co-create new learning experiences for students

Core Impact Areas

- Promotion of **experiential learning** in science and mathematics
- Encouragement of **teacher innovation and creativity**
- Direct engagement with students to **bridge classroom theory with real-world application**
- Continuous collaboration between teachers and scholars to enrich classroom delivery

This initiative not only strengthens classroom teaching but also builds a **community of educators and learners who are inspired to think critically, explore deeply, and innovate freely**.

3.10 अधिगमवृत्ति - A Scholarship Program for Higher Education

An Initiative by NJ Charitable Foundation in Collaboration with Rotary Club of Udhana

Since 2023, NJ Charitable Foundation, in partnership with the **Rotary Club of Udhana**, has been identifying and **supporting outstanding students** who have triumphed over significant challenges to achieve academic excellence. Through this initiative, NJCF ensures that financial constraints do not hinder deserving students from pursuing their dreams of higher education.

Program Objective

To **recognize and reward students** who have demonstrated:

- Exceptional academic performance
- Resilience in the face of adversity
- A commitment to continue their education at higher levels

Eligibility and Selection Process

Students are **nominated and verified** based on strict criteria, including academic performance, socio-economic background, and personal resilience.

Each applicant undergoes a **screening and interview process**, ensuring only the most deserving receive aid.

The **scholarship funds** are directed towards tuition fees, educational materials, and other academic necessities.

Program Highlights

- Named अधिगमवृत्ति, meaning "Learning Grant," the program signifies the **power of education to transform lives**.
- Encourages **both individual brilliance and collaborative spirit**, rewarding achievements on personal and team-based fronts.
- Empowers students to **pursue higher studies without financial burden**, unlocking their full potential.

An amount of Rs 9.5 lacs is disbursed across 8 students under this program.

This program stands as a testament to NJCF's commitment to **equal educational opportunity and holistic student development**.

3.11 Tapovan (Garbh Sanskar Kendra) and Shishuparamarshan (Early Child Development)

Recent Development - Launch of Garbh Sanksar Kendra and Shishu Paramarsh Kendra In Collaboration with Children Research University

NJ Charitable Foundation (NJCF) has launched the **Tapovan Garbh Sanskar Kendra**, a center focused on **prenatal care and education** under the **patronage of Children Research University**. The center aims to promote the holistic development of the child starting from **conception, emphasizing the importance of the mother's well-being** and its **impact on the fetus**.

Key Features:

- **Online Education for Mothers:** Providing valuable resources on nutrition, emotional health, and prenatal care.
- **Shishu Paramarsh Center:** Offering expert parenting guidance for early childhood care and development shall be started soon.
- This initiative strives to ensure a healthy start for both **mothers and children, fostering their well-being from the very beginning.**

4. PERMANENT CO-CURRICULAR ACTIVITIES AT NJCF

NJ Charitable Foundation (NJCF) is committed to the **holistic development of students**, extending beyond academics. To nurture creativity, critical thinking, communication skills, and collaborative spirit, organizes a series of **permanent co-curricular** activities every year.

These events provide platforms for students to express their talents, explore their interests, and gain confidence through healthy competition and recognition.

The activities are SCI - Fi Innovative Science Fair, Inter School Chess Competition, Quizzeria Inter School Quiz Competition, Inter School Elocution , Inter School Drawing Competition, Inter School Athletic Meet and a few others.

Several Schools from South Gujarat participates in these activities and

Key Highlights

These events are designed to **encourage innovation, general knowledge, oratory skills, strategic thinking, and artistic expression** among students.

Participation is **inclusive**, cutting across schools and student backgrounds.

Students are awarded with **certificates, trophies, and monetary prizes** to recognize their efforts and motivate them for future achievements.

Glimpses of Sci-Fi: The Innovative Science Fair

A Signature Annual Event by NJCF

Since its inception in **2021**, **Sci-Fi: The Innovative Science Fair** has become one of the **most eagerly awaited events among schools**. The fair encourages creativity, critical thinking, and practical application of scientific concepts through engaging project displays and demonstrations by school students.

Highlights from the Academic Year 2024–25

A total of **54 teams** from various schools participated.

The event saw the enthusiastic involvement of **162 students** and **75 teachers**.

Students showcased **innovative science projects** that addressed real-world problems, sustainable solutions, and futuristic ideas.

The fair was held in its traditional time slot—**the last week of December**.

Dedicated Event Website

A dedicated portal, <https://sci-fi.njtrust.org/>, was launched in 2022, chronicling:

- Past Sci-Fi events
- Highlights and galleries
- Winning projects
- Participant stories
- Announcements for upcoming editions

Awards & Recognition

- Cash prizes are awarded to the Winners and Runners-up in each category.
- All participants receive certificates and appreciation tokens, motivating continued interest in science and innovation.

Why Sci-Fi Matters

The fair not only promotes scientific inquiry among students but also fosters:

- Teamwork and collaboration
- Presentation and communication skills
- Hands-on learning and experimentation
- A platform to interact with mentors, scientists, and industry leaders

5. CSR CONTRIBUTION RECEIVED FROM SEVERAL PROMINENT INSTITUTIONS

Apart from contributions received from NJ Group companies and individuals several institutions have also contributed towards this noble cause.

Aditya Birla Capital Foundation:

Aditya Birla Capital Foundation has generously contributed its CSR funds to support content creation projects at the NJCF desk, enhancing educational resources and fostering innovative learning initiatives for students.

Kotak Mahindra Bank Ltd.

Kotak Mahindra Bank Ltd. supported the Raman Club Science Activity, a transformative CSR project promoting experiential learning, critical thinking, creativity, and collaboration.

National Securities Depository Limited (NSDL) sets up IT LAB :

NJCF in collaboration with NSDL (Data management company) inaugurated "IT LAB" at NJCF Premises for educational support.

NSDL has donated **20 Desktops, 12 Laptops and 2 Printers** to set up the IT Lab at NJCF learning center.

Looking back, it's amazing how quickly time has flown...!

I feel incredibly proud and grateful as I complete 10 wonderful years in my company. It has been a fulfilling journey filled with valuable experiences and growth. I've had the privilege of working with a dedicated, helpful, and enthusiastic team that made every challenge easier and every achievement sweeter.

I extend my heartfelt thanks to my head Nima Madam and our trustees Neeraj Sir and Jignesh Sir for their constant support and encouragement. Teaching for the past decade has been a true passion, and I'm especially thankful for my students, who continue to inspire and motivate me every day. Their curiosity and energy make this journey truly worthwhile.

Celebrating 10 Years of Growth, Service, and Gratitude

Looking back on the past decade with the NJ Charitable Foundation fills my heart with immense gratitude and pride. Completing 10 years isn't just a milestone, but a continuous journey of learning, service, and deep personal growth.

I feel proud to be part of an organization dedicated to educating students, shaping their character, and building a strong foundation for their future.

I've worked alongside passionate individuals, witnessed inspiring transformations, and contributed to causes that truly matter. Every challenge we faced only made us more substantial, and every small success added up to the more significant impact we strive to make every day.

I feel incredibly honored to have been part of this mission. The smiles we've brought, the lives we've touched, and the change we've sparked—these are the real rewards of this journey. As we step into the future, I remain committed to the vision and values that have guided us so far.

My heartfelt thanks to our Neerajsir, Jigneshsir, Nimama'am, and Colleagues for their unwavering support, guidance, and inspiration.

Hare Krishna!

We often face important choices in life—especially when it comes to selecting a career. Before joining NJCF, I was a postgraduate student in Human Resources. Eventually, I chose to follow my passion and became a teacher. As a teacher, your ultimate goal is to see your students thrive—not just academically, but as individuals. I was fortunate to find an institute that shares this exact philosophy.

"I cannot teach anybody anything, I can only make them think." — Socrates

This quote beautifully reflects philosophy at heart of NJCF. The institute doesn't just aim to impart knowledge—it encourages curiosity, critical thinking, and self-discovery. Joining NJCF felt like a natural decision, and from that point onward, the journey took flight. The institute empowers teachers to unlock each student's potential by focusing on personalized learning. It offers everything a passionate educator could hope for: vision, dedication, meaningful challenges, and a purpose-driven environment.

What truly sets NJCF apart is its strong leadership. Under the guidance of Neeraj Sir and Nima Ma'am, it has been a privilege to learn, grow, and contribute. Their experience and mentorship have made every moment—whether marked by success or challenge—a valuable one.

I remain deeply grateful to Neeraj Sir and Nima Ma'am for giving me this opportunity, and I will always cherish being a part of NJCF.

I find myself filled with a deep sense of gratitude and quiet pride while sharing my past decade's journey on the professional front with immense personal touch. It's hard to believe that it has been ten years—ten whole years—since I began this journey with education, rooted in the humble yet powerful mission of nurturing minds and uplifting lives through education and welfare.

What began as a spark of hope has grown into a steady flame—a beacon for those in need, a sanctuary of learning, and a testament to the unwavering power of community and compassion. NJCF has given me the environment to flourish my thoughts into action.

These ten years have been more than just a passage of time. They have been a kaleidoscope of moments—some challenging, many inspiring, all meaningful. I've had the honour of witnessing the light return to a child's eyes when they learn to read for the first time, the joyful tears of a parent who never dreamed their daughter would go to an engineering college, and the quiet resilience of communities coming together to rise, to learn, and to grow.

The journey has just started and I am certain that future generations will witness many milestones plinched by NJCF!

MR. JAYEDEEP PANTVAIDYA

(MENTOR)

Mentorship in NJCF is a role of unique responsibility. A mentor is not teaching any curriculum subjects, nor is parenting the mentees. Yet, there is a continuous effort in grooming the personalities and overall performance of the mentee, by being their sounding-board, friend, and someone on whom they can rely on for any form of advice. For me personally the past 3 years have been very gratifying: starting with Darsh and Pratik - who have since gone to good engineering colleges - and now Dhruvi, Nayanesh and Kevin.

As a mentor there are many moments of classic dilemma: which stream to choose after 10th?...is it good to change to English medium in the 11th?...is it going to be a problem changing to CBSE?...what college and specialisation to choose? ...etc.. And at such junctures, a consultative and participative help of team NJCF is always on hand.

Then there are discussions on very different topics like health, habits and hobbies, and at times about the things that bother them.

Each of the visits to homes of my mentees and meeting their parents has been a grounding experience for me, and ones that left me with a sense of admiration for these kids. Their positivity and simplicity is infectious and inspiring.

As I look back, I have a deep sense of satisfaction. I am so grateful that such an opportunity was offered to me by NJCT/NJCF. The edifice and tutelage that the team NJCT/NJCF have created, is a matter of great pride and respect; and is also the solid foundation that offers the mentorship a fair chance to succeed.

NJ Charitable Foundation has been acting as a beacon of hope, providing invaluable opportunities for the bright young minds since its inception 10 years ago. It's a testament to the power of education and community support. More than just a learning space, this center is a thriving community. It fosters growth, resilience, and a sense of belonging. The impact of this center extends far beyond academics. It is nurturing not just students, but future leaders and change-makers. The dedication of the staff and volunteers here is truly inspiring. This center is a vital resource, making a real difference in the lives of the underprivileged students. NJCF is a place where potential is nurtured, and dreams take flight. It is an absolute pride & privilege to be a part of it as a mentor.

Working as a mentor with the students of classes 11 and 12 here has been a powerful reminder of the importance of educational opportunity. These students face unique challenges, yet they consistently demonstrate a remarkable determination to succeed. I have witnessed firsthand their progress in grasping complex concepts, their growing confidence in expressing their ideas, and their unwavering commitment to their goals. It's been an honour to support them, and I have no doubt they will make significant contributions to their communities.

MR. JANESH BHATT

(MENTOR)

Being a mentor with NJCF has been fantastic. I have met different types of mentees, and I have learned that everyone is unique. They all have different learning styles, and some are quiet at first but eventually open up. Some are naturally eager to learn, while others need a little encouragement. It's about finding what works best for each mentee. Connecting with families has also been important. It helps me understand what is going on at home and how I can support the mentees better. Building those relationships is key. There have been challenges, though. Sometimes, it's hard to get mentees excited about learning. Some have family problems that make it hard to focus, and others get easily distracted. So, we have to help them manage their time. We as a mentor also have to identify mentee's interests and motivational factors.

I have learned a lot myself. I understand more about the challenges mentees face and why it is so important to treat everyone individually. I have also improved my communication and problem-solving skills, and I definitely become more understanding. Overall, being an NJCF mentor has been really rewarding. Seeing the mentees grow and improve is amazing, and I am happy to have been a part of it.

My Journey with NJCF: My journey began around 7-8 years ago as a small donor, visiting the NJCF Center occasionally. Initially, I didn't grasp NJCF's vision. But as I spent more time with Neerajbhai, Jigneshbhai, Nimaben, and participated in activities, I came to understand the meaning of **"RISHEY"** - Responsible, Independent, Self-reliant, Honest and Esteem Youth."

My Heart Says: NJCF is neither a school nor a conventional coaching class. It is a thoughtfully designed Institution where "Character" is built not only for students but for anyone who believes in the shloka of Shri Bhagavad Gita:

"कर्मण्येवाधिकारस्ते मा फलेषु कदाचन ।"

"One has the right to perform their duties, but they are not 'entitled' to the fruits of those actions." Shri Neerajbhai, Shri Jigneshbhai, Smt Neemaben and Team NJCF are collectively nurturing students and are on a mission to create a community of **"RISHEY."** The Journey continues...

I'm grateful to be part of a Trust that empowers students through free education, and I look forward to continuing this journey of mutual learning.

ANIKET PATEL

(Sr. Executive • NJ CHARITABLE FOUNDATION)

In 2016, NJCT Volunteers visited our school to select students who were passionate about learning and had dreams of doing something in life. I was in 8th grade and assumed it was just another tuition class. But since many of us couldn't afford private tuition along with school, I gave the entrance exam a try – and I got selected. Back then, my school started at 10:30 AM and NJCT classes were at 7:00 AM. What surprised me was the setup – only 10 students per class, each subject taught by different teachers. This smaller class size helped us communicate freely and clear our doubts easily. It wasn't just a tuition class – it was a place that encouraged self-study, understanding concepts deeply, and growing together.

Over time, NJCT became more than just a learning center. We had mentors to share our wins, struggles, and doubts. I chose Science as my stream and switched from Gujarati medium to English medium. NJCT supported that transition by helping with school fees and academic guidance. While others prepared for JEE/NEET, I followed my passion for wildlife photography. NJCT supported me without hesitation and even helped me enroll in a photography course that I attended every Saturday for an year – a step that shaped my future path.

NJCT was never only about studies. We had fun, participated in events, and made learning feel joyful. Though our days were long – from 7 AM to 7 PM – they were well-balanced with activities and breaks. We learned life lessons, discipline, and the importance of consistency. Eventually, NJCT became NJCF – a full foundation. Over the years, buildings changed, teachers changed, but their mission never did. NJCF continued to grow stronger, now supporting over 500 students with 10–15 teachers, all working toward one goal: making education free and accessible.

NJCF has supported me beyond just academics – they've helped me mentally, emotionally, and financially. I often say, "I must have done something good in my past life to have found NJCF... or maybe they found me." I'll always be grateful to have studied here and even more so now, as I return not as a student, but as part of the team. For the last 3.5 years, I've been working as an educational video editor, helping create learning content for the next generation of students – students like I once was.

Even today, NJCF continues to help more students by partnering with schools and organizations, making education more affordable and impactful.

VIVEK JAIN

I'm Vivek Jain, one of the students from the founding batch of NJCF. Right now, I'm working in the software industry.

NJCF feels like home to me because it has provided everything I needed to grow and excel as a person. One of the best things about NJCF is that it never relied on spoon-feeding; instead, it gave me the freedom to learn in my own way. Because of this, I now have the confidence to learn any tech stack or skill without much difficulty. Another unique initiative that greatly benefited me is the mentorship program, where I received invaluable guidance from my mentor(Amit Mishra). Since my mentor and I come from the same field, it was easier for me to navigate my career path.

From the very beginning, NJCF ensured that students had access to all the resources needed to explore new opportunities, such as computer labs, physics and chemistry labs. More importantly, the teachers at NJCF were not just educators; they were like friends who supported us in every possible way. In the end, I can truly say that NJCF has played a major role in helping me achieve my career goals.

Thank you, Neeraj Sir, Jignesh Sir, and Nima Ma'am, for providing me with all these opportunities!

Being a part of NJCF since 2015 has been a transformative journey for me. Before joining, I believed that studying in school alone was sufficient, as I had never attended tuition classes. However, NJCF opened my eyes to a new perspective on education—one where learning is not just about academics but also about growth, curiosity, and enjoyment. One of the biggest decisions I made was to pursue science in English medium, even though I had studied in Gujarati medium until the tenth grade. Although this change was difficult, my mentors and teachers at NJCF provided me constant support and gave me the belief that anything is achievable with the right intent and dedication. Beyond academics, NJCF enriched my journey through activities like Thought Leaf, My Spectacles, debates, sports, Norman Lewis classes, painting sessions, Melody, and fun games. These experiences played a vital role in my overall development, pushing me to grow beyond my comfort zone every day. The most valuable lesson I have carried with me is the spirit of self-learning—a skill that continues to guide me in life. Today, as I pursue my master's in Environmental Science from MSU, Baroda, I realize that NJCF is still a part of me. The lessons I learned, the values I imbibed, and the confidence I gained continue to shape my journey. I am deeply grateful for this incredible learning space that has made such a lasting impact on my life.

I am deeply appreciative of my time at NJCF, as it has played a crucial role in shaping my career and has been incredibly valuable. As part of the first batch, I had the privilege of being taught by visionary educators who were always focused on our growth and success. My time at NJCF is memorable, not only for the academic lessons but also for the engaging and enjoyable activities that enriched my learning journey.

The mentorship I received at NJCF has played a key role in helping me to achieve many milestones. The ongoing guidance and support I receive from them have been essential in shaping my career. Their focus on developing learning skills has been particularly beneficial, equipping me with the tools to excel professionally.

I will forever be thankful to NJCF for providing me with everything I needed to reach my goals. While I'm sure NJCF will continue to inspire many students like me, I know that NJCF may find students like me but I will never find teachers like them and an exceptional atmosphere as the one they have cultivated during learning.

Ten years—an entire decade—have passed, and yet it feels like just yesterday when I stepped into NJCF as a curious sixth-grade student in 2015. We used to do many creative activities, practice self-study, and sometimes even teach each other in groups. We started Word Power Made Easy to build our vocabulary and expressed our thoughts through Thought Leaf. Slowly and gradually, it became a part of our daily routine. At NJCF, I also got the awareness to start learning the Shreemad Bhagavad Gita, bit by bit. It gave me a new perspective on life and learning, helping me grow not just academically but also mentally and spiritually. More than just a place of learning, NJCF gave me a family. I got mentors who have helped me at so many stages, teachers who are just a call away, and friends who are still with me even today. The support and guidance I received here are priceless. Now, in 2025, as I pursue a Bachelor of Technology in Electronics and Communication Engineering at NIT Surat, I realize that NJCF was a foundation, a spark, a journey that shaped who I am today. Even now, I visit NJCF on weekends or during my semester breaks, as it still feels like home. It is the end of a decade, but the start of an age.

25 June 2016, The day in my life when I joined NJCF, it also changed my life. NJCF is a place where I learnt, grew and made beautiful memories. Here teachers are very kind, responsive and supportive towards students, NJCF ~~not only~~ gave me spiritual knowledge which helped me to develop my personality. I learnt leadership quality and how to do work with team and coordination work through organising and managing events in NJCF.

After converting my educational medium Gujarati to English in class 11th science. Niraj sir and Nima ma'am gave me support and confidence that I can do it. Then I got 85 percentage in class 12th boards in boards and 88 percentile in JEE mains 2024. I didn't get admission where I really want to go but,

It's Journey that changes you
Each step, Each fall, Each silent tear,
Teaches more than any final cheer,
It's in the pain that you grow,
In the silence that you know,
The road may be so long,
But it make you strong
Because the journey!!
It doesn't just take you some where
But, It makes you some one!!

They also supported me to take a partial drop year for ~~the~~ JEE. They always directed me towards my goal at the end,

"Hey!... Why you feel your Future so Safe?"

Me: "Bro, look beside! The Investor is the NJCF!"

It's gonna to be 9 YEARS of togetherness as a Student of the NJCF & these 9 years (& further to come) have brought in many Values within myself. & on each & every stage, NJCF has supported me altruistically.

NJCF, to me, is like another home. From the very beginning of my journey with it (i.e. from 6th grade), I've learnt so many things from the members of this family.

I was enrolled in it through its 'Scholars special Coaching Programme'. It aims to create a community of RISKEY. Obviously, learning is important, but the WAY of learning is a crucial aspect therein & it's one of the focal points of NJCF.

Earlier, I was a bookish and kinda introvert person. Gradually, being a part of NJCF, the doors of critical thinking & the way of communication opened up. The core values of a human being like Self-discipline, punctuality, integrity, patience, leadership, co-ordination, co-operation, politeness, etc. have been cultivated within by NJCF. The curricular, co-curricular and extracurricular activities have irrigated my mind resembling as a tree having leaves with good thoughts leading to personality development.

The crucial guidance by NJCF Gurus, their unwavering support, punch lines, the way of teaching gives me warmth in the cold!

My bond with the NJCF (the crucial part of my life) says-

"तु मेरी मंजिल है तेरे करमों पे बस रुकने लगा है...
हो, तुझको जो पाया... तो जीना आया..!! "

I joined NICE in the year 2017, when I was in 6th standard. The most precious thing I got here is the wonderful environment and supporting teachers. I would really appreciate the way of teaching, means in student life, every student have that one teacher whom she always remember and admire, but I would remember all of them because they all really just not helped me in studying but also so many other things of my life. After 10th I started self-study in the guidance of the mentors, which was all of a new experience for mine. It was hard in the starting, but gradually I observed that it is so beneficial. Along with the studies, I do so many extra-curricular activities, which helped me in developing my overall personality also. It's the place where I learned so many things, celebrated festivals, participated in so many activities & met people who are so inspiring and made friends whom I will never forget. I would really thank all the people I met here for supporting me and making it more joyful.

AAYUSHI PATEL

It's been three years of my stay with NJCF my experience says a lot of memories with this place. NJCF is the place for 'True learning experience' which is not confined to knowledge of books but also incorporation of strong fundamentals, financial literacy and implementation of knowledge.

From this place, for the first time in my life I got deep knowledge of "Bhagvad Gita" by involving it in routine of every Sunday, along with various lessons of spirituality which brought mindfulness in me.

Teachers of NJCF are always enthusiastic in teaching. they taught me ethical values, sense of behaviour & way to live good life.

As we say in "Our habits mould our personality" my touch with NJCF developed various good habits in me, that always aid me to deal with situation.

This place also provided me true guidance for pursuing higher secondary courses and thereby NJCF also acknowledge students with their POTENTIAL and open the door for success. This Unbreakable bond with NJCF and being part of this community is really a matter of proud for me.

My EXPERIENCE WITH NJCF

First and foremost, I would like to express my heartfelt gratitude to the entire NJCF team for being such an important part of my life. When I joined NJCF in June 2023 with the aim of building career in chartered Accountancy, but here, I not only received academic guidance and support but also learned valuable habits and life lessons that I believe played major role in my success.

From the beginning, I experienced something unique at NJCF, that they provides very helpful study support, a disciplined atmosphere and peaceful environment for learning, that help me focus and study more effectively. One of the most impactful lessons I learned here was the importance of self-study, which help me become more responsible and to be consistent in my study.

In addition to academics, NJCF's extracurricular initiatives like the Blinkist and Thoughtleaf programs played a significant role in personal development, that helped me build self confidence, especially in public speaking and to be positive mindset. Apart from this, the encouragement and support from the NJCF teachers were incredible, their dedication and efforts are truly unforgettable and throughout my journey. Overall, my experience with NJCF has been transformative and I thank them for NJCF, for everything you've done for me.

MY EXPERIENCE WITH THE NJCF

- CA Final

I feel truly blessed to be a part of NJCF. Since joining this institution for the last 2 years, I have experienced a remarkable transformation in my personality, skills and confidence. The atmosphere at NJCF is filled with encouragement, positivity, and an unwavering support system that constantly motivates students to become the best version of themselves. It has become a place where I feel inspired and comfortable to pursue my education journey.

Initially, I lacked the confidence to speak up or express myself, as I was like kind of introvert and very shy person, but with the time and support of NJCF, I have grown immensely. The various learning programs have made a great impact on my English communication skills. Activities such as reading from sources like Blinkist as well as participating in platforms like Thought Leaf, have broadened my understanding and vocabulary. The Teachers at NJCF are some of the most passionate and supportive, be it at any doubts and any difficulties that students may arise. Words are not enough to express my gratitude towards NJCF, I feel more capable and empowered to face the future with confidence, all thanks to the nurturing environment at NJCF.

At last, "More than marks, NJCF taught me the meaning of growth."

PARENTS' REFLECTIONS...

MR.DHAVAL DESAI

parents of Manya Desai (Std 11 and 12 Science)

Congratulations to the entire NJCF team on completing 10 remarkable years! I feel immense pride in being one of the founding members who helped establish NJCF. Our core objective in the field of education has always been to ensure that learning not only transforms an individual's life but also uplifts future generations. The team has done outstanding work under the leadership of Neeraj Bhai, Jignesh Bhai, and Neema Ben. My association with NJCF continues, but now in a new role—this time, as a parent. My daughter, who has just completed her 11th grade and is about to begin her 12th in the science stream, is preparing for the JEE. Initially, she joined a well-known coaching institute, influenced by her friends. However, she soon realized that the institute was more business-driven than education-focused. The teaching lacked depth, and she had to rely on self-learning to understand the concepts.

It was during this time that Neeraj Bhai visited our home and interacted with her. He explained NJCF's approach to education and encouraged her to experience it firsthand. She decided to join NJCF, and the change in her has been truly remarkable. Since joining, I have seen tremendous growth in her—not just academically but as an individual. She has become more confident, communicative, disciplined, and focused. The NJCF team has played a pivotal role in helping her identify her goals and chart a clear path toward achieving them. They continue to support her at every stage, nurturing her not just as a student but as a well-rounded human being.

At NJCF, the focus is on holistic development—shaping a child's behavior, recognizing each student's strengths, guiding them in career and education choices through counseling, and providing dedicated mentorship. Every child is paired with a mentor who supports them through different phases of life.

NJCF's vision is to build a community of '**RISHEY**'—Responsible, Independent, Self-reliant, Honest, and Esteemed, Youth—and their actions reflect this commitment every day. I extend my heartfelt congratulations to the NJCF team on reaching this milestone and

wish them continued success in the years ahead!

MR.SUMIT PAREKH

parents of Mitanshi Parekh (std 9 & 10)

I would like to extend my heartfelt gratitude to **NJ Charitable Trust Study** for their invaluable support and guidance provided to my daughter, **Mitanshi Sumit Parekh**.

Over the past few years, Mitanshi has been associated with the Trust, which has played a significant role in her academic journey and personal growth. The study environment offered by NJ Charitable Trust has been nurturing, focused, and highly encouraging. With the help of dedicated tutors, regular mentoring, and a disciplined routine, Mitanshi was able to prepare confidently for her **10th Board Examinations**, which she has now successfully completed. In addition to academics, the Trust's emphasis on holistic development – including **yoga sessions** and opportunities for **recreational activities like table tennis** – has contributed greatly to her physical well-being and mental balance.

We sincerely thank NJ Charitable Trust Study for their continued dedication to empowering students and helping them shape a brighter future. Their support has made a meaningful difference in Mitanshi's life, and we are deeply appreciative.

With warm regards,

NJCF વિશે મારા અનુભવની થોડી વિગત આપુ છું. NJCF દ્વારા શાળાઓમાં પરીક્ષા દ્વારા મારી પુત્રી અને પુત્રને પ્રવેશ મળ્યો હતો. સૌપ્રથમ મારી પુત્રીને 2015માં પ્રવેશ મળ્યો હતો. તે સમયે તે સંસ્થાનું પ્રથમ વર્ષ હતું. ત્યાં વિદ્યાર્થીઓની રીઝ બનાવી. કોઈ વિષય આપી. તેમાં અર્ચા કરાવતા તેથી તેમનું બુદ્ધિ કૌશલ્ય અને વિચાર શક્તિ વધી. મારા પુત્રનું 2019માં પ્રવેશ મળ્યો. ત્યાં વિડીયો દ્વારા જાતે અભ્યાસ કરાવીને અને ન સમજાય તો (પાના) શિક્ષક આપીને સમજાવે છે. ત્યાં શિક્ષણની સાથે સમજ શક્તિ, રમત-ગમત અને વિદ્યાર્થીને જે વિષય એટલે કે રમત, સંગીત, ખેલોગ વગરમાં આગળ માણેલી આપી, તેમાં નાજરી કે બિઝનેસમાં આગળ વધારે છે. મારી પુત્રી હાલ CA Instituteમાં પાસ કરી ચુકી છે. તેઓ મારી બધી રીતે મદદ કરે છે. તે મારી પુત્રી-પુત્ર માટે એક ઘર જેવું જ વાતાવરણ આપે છે.

NJCF ના દરેક સભ્ય પુષ્ટિ ધ્યાન આપે છે અને અભ્યાસ કે અન્ય બીજું કોઈ પણ મુશ્કેલી હોય તો તેનો ઉકેલ લાવે છે.

NJCF એક ખુબ સારી સંસ્થા છે.
